

OA Implementation Pain Points

NISO Plus 2022

@aj_boston | Murray State University

Open Access Implementation Pain Points: A Comprehensive List

PAYMENT

1. Who's going to pay?
2. By how much?

POLICY

1. What the hell does *this* mean?
2. Who's going to explain it?

Payment: Who's going to pay? & By how much?

Article Processing Charge (APC) = Author pays

Transformative Agreement = Institution pays for its authors

Diamond/Platinum Journal = Neither author nor reader pays

Subscribe to Open = Journal opens up a year's worth of articles if an undisclosed number of its subscribers remain subscribed

Green OA = Gives readers a free option, authors do not pay

Policy: What the hell does this mean? & Who's going to explain it?

Article Processing Charge (APC) = Administrative burden!

Transformative Agreement = Headache!

So Many New Models = Complex!

Green OA = Copyright! CC licenses! Embargos! Versions!
